HUNDREDS OF CARS OF FREIGHT TIED UP BY CENTRAL STRIKE

Five Hundred Men Quit Yards
at 30th and 42d Streets—
Demand Wage Raise.

Five hundred freight handcars employed in the West Thirtieth and Forty-second Street yards of the New York Central, on strike for thirty cents a day increase in wages, succeeded to-day in tying up hundreds of freight cars in both yards.

The company had some difficulty this morning in carrying on any but purely local traffic. No cars were emptied and no cars went out of either yard up to noon.

P. L. Crowley, vice-president in charge of the operating department, said:

"We have had such strikes now and again," he said, "for several weeks. In every instance the men came back again of their own motion. The company is already hiring men to take the places of the strikers and expects to replace every one of them before the day is over."

The strikers, however, got in touch to-day with American Federation of Labor organizers and announced that they would stay out until their demands are granted. They also began to form a union under the A. F. of L. The strikers are mostly Italians. They went out late yesterday afternoon. At 7 o'clock to-day large groups of them appeared at the entrances to both yards and picketed for two hours and then went off.

This is what Antonio Correll of the strike committee says:

"This is not a war plot of any kind. We don't know anything about war plots. We have been working here regularly and have been asking for an advance of three cents an hour for two months. There have been strikes before, but not enough went out to give us a chance to win."

"Now we've got the freight yards service tied up and I guess three cents a day is not too much of a raise for any man to get in those times. We have to work long hours. We get 25 cents an hour now. We have no guarantee of any kind. We can be fired any minute. With potatoes and eggs and butter sky-high, we feel we're not asking too much. We're going to stick out till we get it."

POTATO AND ONION 'CORNER' SMASHED; GAMBLERS ON RUN

Evening World's Exposure
Followed by Great Drop
in Vegetable Prices.

The conspirators who boosted the price of potatoes and onions until The Evening World began a crusade against them are in full flight to-day. They are overloaded with big quantities of both vegetables, which are lying on the piers almost uncalled for. Potatoes, which a week ago were \$10 a bag of 155 pounds, are now offered at \$7 to \$7.50. Onions are now \$3 to \$3.50 a bag of 100 pounds. They were \$15 a few days ago.

What has been accomplished in reducing prices will soon be carried further by the arrival of great quantities of onions from outside sources. Large shipments from Spain are now coming in, more are coming from Havana and within two weeks the Bermuda onions will be in the market. By April 10 Texas grown Bermuda seed onions will be here in carload lots, and it will then be impossible to corner the supply.

"The group of speculators who tried to rob the people of New York with extortionate prices for onions and potatoes have been overwhelmed by The Evening World's campaign," said P. Q. Foy of the State Department of Markets. "I don't know whether a criminal charge of conspiracy would hold against these men, but it is certain that they meet on the same piers every day and that they have been acting in concert to boost prices. They would have robbed the people of many thousands of dollars if The Evening World had not exposed them and their crooked schemes."

Another big batch of eggs came in to-day, 12,000 cases in all, approximately 4,500,000 eggs, and the market dropped a half cent. To-day's wholesale prices will be 32 cents a dozen for the best of the fresh variety. Experts confidently expect, with continued increases in receipts, that there will be another break in wholesale prices and that by Monday eggs will get down to 30 cents a dozen, making the retail prices about 35 cents.

'GOLD' NUGGETS WERE BRASS

Klondike "Miner" Arrested on
Billiard Room Man's Charge.

Swearing that he was induced to pay \$500 for gold-looking nuggets that were only gilded, Adam Gaget, of No. 125 Kent Avenue, Williamsburg, to-day caused the arrest of Joseph Miller, thirty-nine, of No. 523 East Sixth Street, Manhattan, on a charge of grand larceny.

According to Gaget, Miller came into his billiard room several weeks ago, saying he was just back from the Klondike and exhibiting a handful of gold nuggets, which he wanted appraised. Miller took them to a jeweler, who pronounced them genuine. A few days ago, Gaget says, Miller returned and arranged the little business deal. When Gaget went to cash in on his nuggets the jeweler told him they were base metal, gilded.

Detectives who arrested Miller at his home report finding a quantity of nuggets in his room, some good, the rest bad. Miller will be arraigned to-day.

REPORT MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry; Avoid
Exposure and Eat
Less Meat.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.—Advt.
